To Whom It May Concern:

I am writing on behalf of K-LOVE Radio, a national Christian Station that is also broadcast in my area, supported by hundreds of thousands of people across America. I was informed of the possibility that K-LOVE might be replaced by an LPFM station. I believe that replacing K-LOVE would do a great disservice to my community, and all of the United States.

Being only 20 years old, surrounded by the young pop-culture today, K-LOVE is the only place I can tune to to get clean music with a positive message. I also know many families who also turn to 104.3 FM in Cincinnati for music that is safe for children's ears. Many of the pop, rock, and country stations play songs with violent or adult content and language, certainly inappropriate lyrics for today's young children to be growing up to. I believe that K-LOVE serves my community by providing a safe listening atmosphere for all ages. I also think that K-LOVE serves us by keeping us up-to-date with current events. Each day, I am much more informed on news information by K-LOVE than any other secular station in my area.

I believe that if an LPFM station takes the place of K-LOVE, the public interest in the United States will have been ignored. K-LOVE provides music for the whole family, music that is positive, encouraging, even life-changing. I know that if K-LOVE is taken from my community, I will no longer tune to any radio station. K-LOVE is very important to my life, and many others I know.

Please consider my plea to keep K-LOVE in our cities.

Sincerely,

Michelle D. Dickinson
